MAKING
TAPING
TOOLS
EASY.

WE SUPPORT OUR DEALERS

STRENGTH. HEART. INTEGRITY.

We are a family-oriented company with the kind of heart that distinguishes a champion from a challenger. Our values are as strong as our tools and our commitment to our customers and dealers is even greater. We get our hands dirty every day and search for excellence in everything we do to give you the best experience possible.

NORTH AMERICAN SOURCED AND MADE.

We are proud to source all our materials from companies in the United States. Using only the highest qualities in billet aluminum and stainless steel, our tools are hand made in our factory in BC, Canada.

A BRAND NAME OUR CUSTOMERS TRUST.

Some have referred to the Columbia client base as a “cult following”. Our customers are loyal and form a community of tapers, DIY’ers and contractors. We have the largest tapping tool following on social media, and with dedicated interaction, that number grows daily.

Bulkhead Display 120"x20"

Full Display 72"x60"

[illegible]

A collection of Columbia record player components, including various tonearms, cartridges, and rollers, displayed on a black background with the Columbia logo.

INNOVATIVE SUPPORT

At Columbia, we are proud to say that innovation is one of our top priorities. Constantly looking to improve on our already extensive line of tools, we are always listening to our customers to ensure we have a feel for what's needed in the industry.

This past year we have released the 14" Flat Box, the Corner Cobra, and the Tall Boy Mudpump. And we're not slowing down. Our latest, most anticipated launch was The Columbia Predator, the world's first Carbon Fiber Taper.

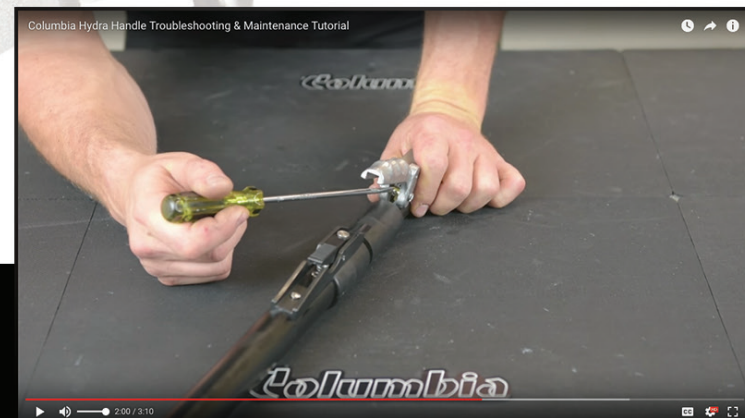

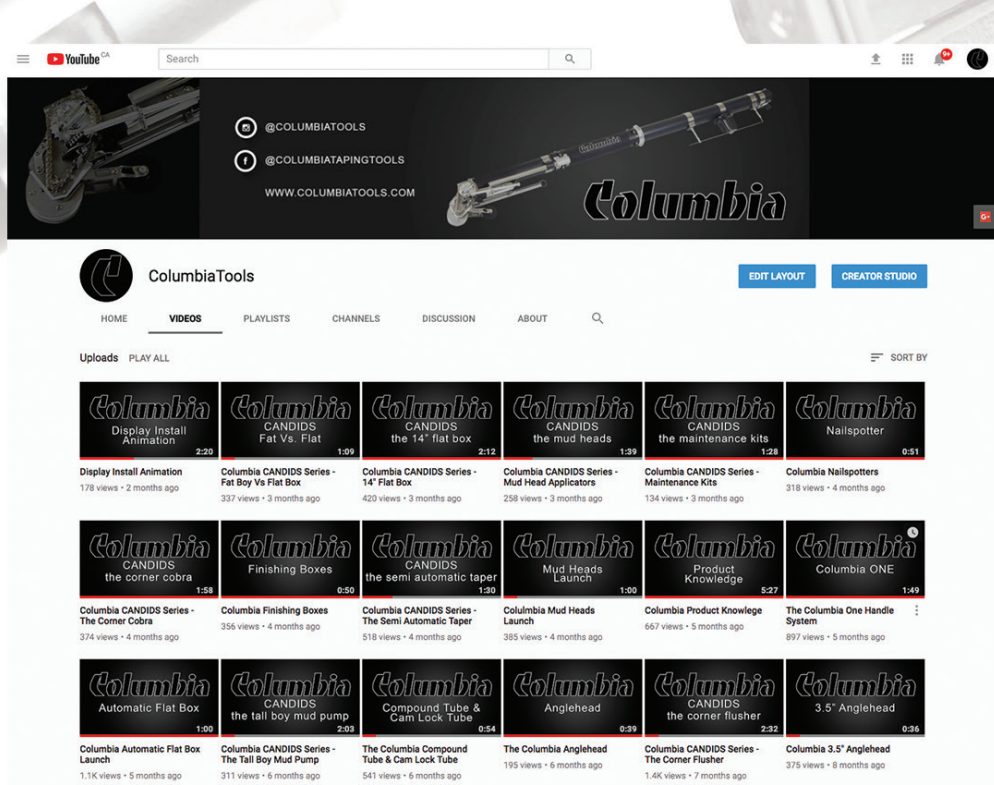

And we're not done. The next half of a year will see very exciting launches and product updates from Columbia.

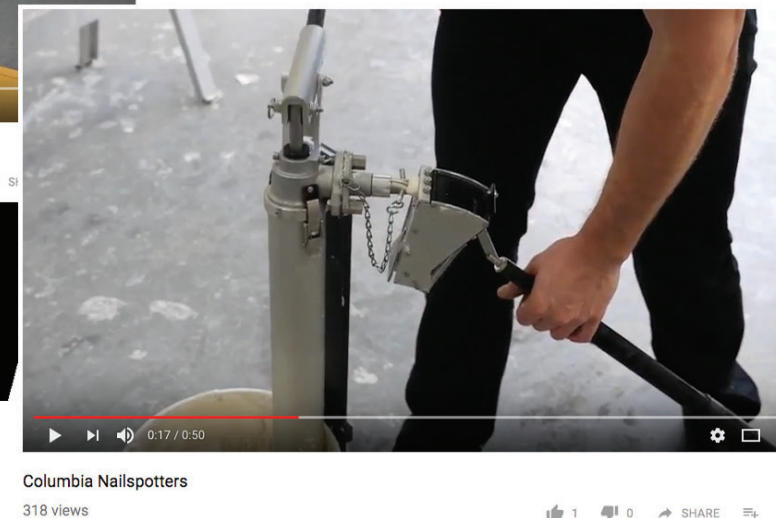

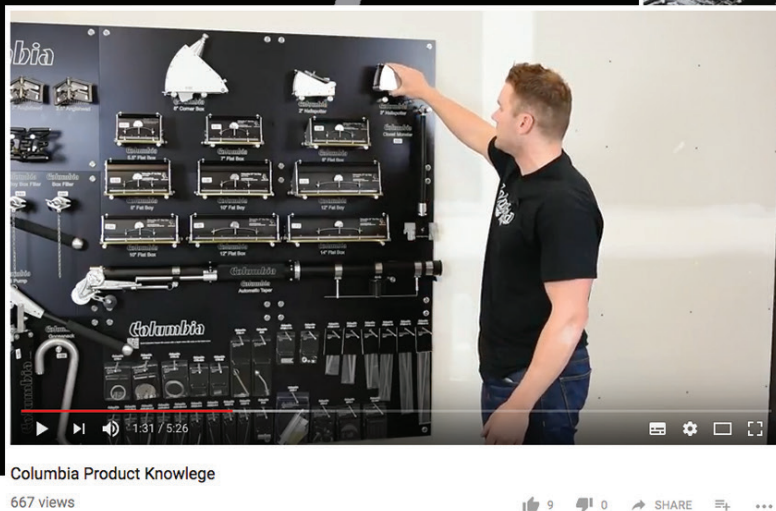

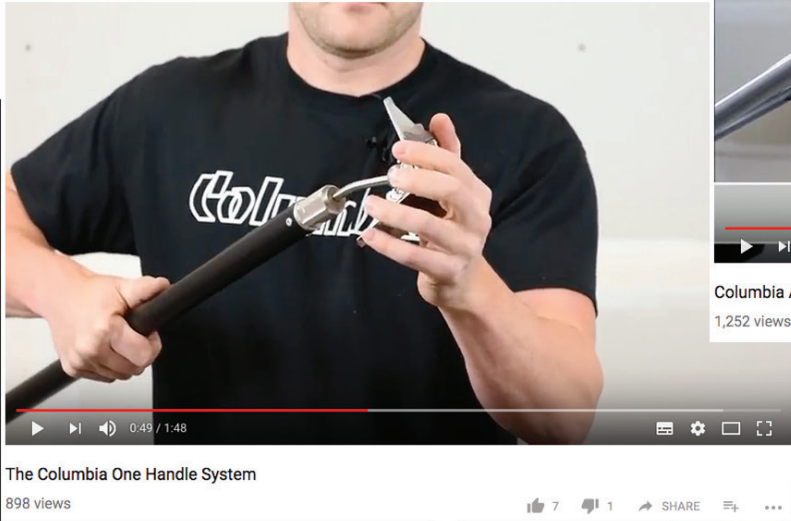

Our customers can look forward to the release of sanding tools, ergonomic smoothing blades and much more.

VIDEO TECHNICAL SUPPORT

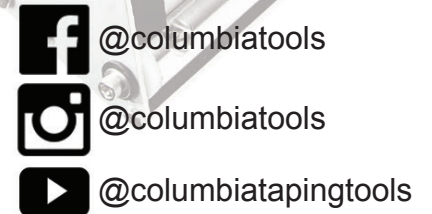

We support our dealers but we support your customers too! Columbia has created a detailed video library with playlists such as maintenance instruction (both live and animated) and explanatory candid series'. New videos are released all the time. Our videos are not only on our new state of the art website, but they are also on our easy to locate Youtube channel. Users can find all the information they need... from tool use, to maintenance, to troubleshooting.

ONLINE MEDIA SUPPORT

Our social media fan base grows daily and has the highest following in the industry. We use these platforms to communicate with Columbia Tools users and increase the exposure of our brand, and the resulting tools sales.

BRANDING SUPPORT

Columbia tool owners love to represent our brand. We offer many items that our customers love. From high quality athletic hoodies, to flat brimmed hats, to lanyards, we offer merchandise for promotional purposes and for purchase online.
